Short intro

Building on the success of our previous youth exchanges in the Krkonoše Mountains, we are introducing our first training course. This unique program is designed to empower youth workers (especially young people but not only) with the skills to become future leaders in their communities as experts with knowledge of the principles of rites of passage and how to be an effective and responsible group leader at Erasmus+ youth exchanges.

Drawing inspiration from the powerful concept of a 'rite of passage,' our training course will provide a lot of experiences, challenges and a safe space to discover yourself. Participants will delve into the core principles of youth work, and develop essential leadership qualities such as communication, teamwork, and problem-solving.

Join us in the breathtaking Krkonoše Mountains for an unforgettable journey of personal and professional growth.
